## Our concept

She is from Kiev/Ukraine, he is from Montpellier/France  
A true story!

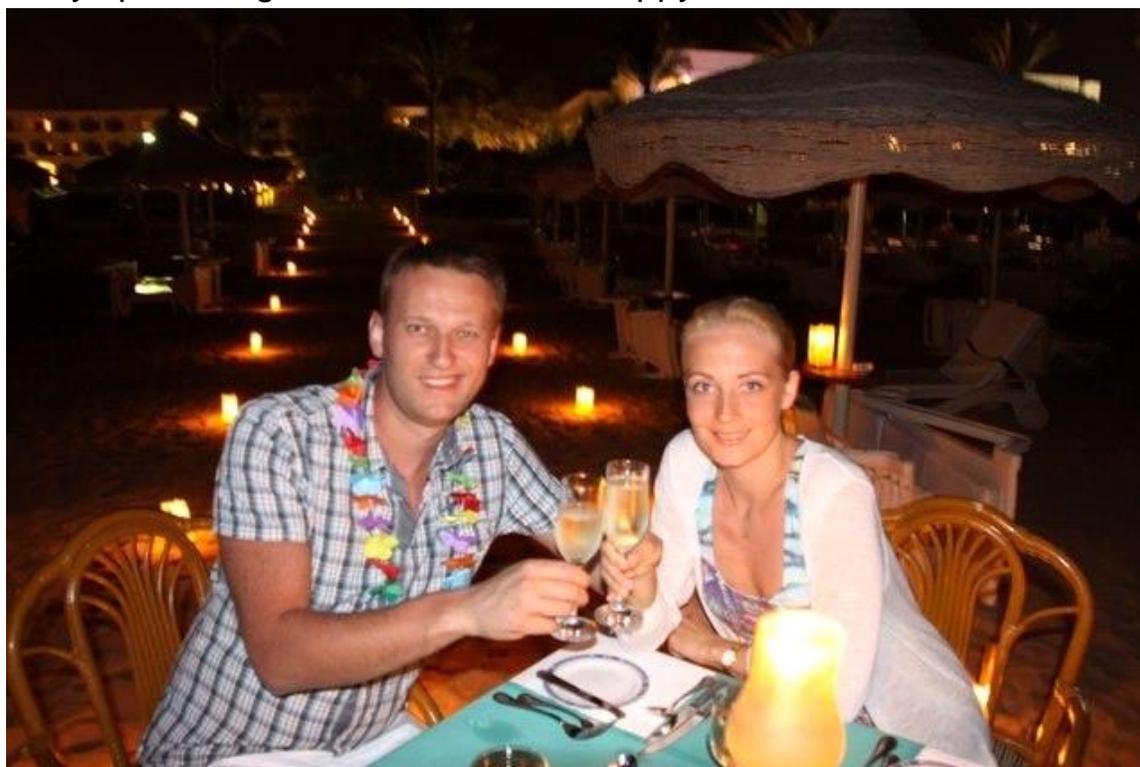

People from different social backgrounds

- Communicative people
- Urban and modern

## Things they have in common :

They speak English and want to be happy.

## 2007 Birth of [www.privetvip.com](http://www.privetvip.com)

Due to our history we came up with the idea of creating an international dating site for men from English-, German- and French-speaking countries and women from Eastern Europe.

### **How it works:**

How it works:

Users register on our website for free and can chat in the language they select.

We are not a marriage agency but a platform to get to know each other and possibly find your soulmate!

Our internal chat and messaging services can be used for communication.

The safety of the users is our first priority. We use all possible means to protect our users from scams. Moreover, every user can report suspicious

profiles, which will then be examined by us.

Our goal:

- To fight against prejudices that keep on existing between the East and the West!
- To give people coming from two different countries and cultures the opportunity to discover things they have in common and find a way to love each other.

Some numbers:

PrivetVIP in the year 2015: With more than 35000 members, we are the largest dating site for East-West-relationships in France and are constantly growing in size.
